

EGNOS SERVICE NOTICE

Number: 029

Version: 1.0

To: EGNOS Safety Of Life and Open Service Users

Date: 20/10/2023

Subject: Potential EGNOS underperformance in the South East linked to new EGNOS RIMS configuration

Internal ESSP classification:

BLUE

This Service Notice informs EGNOS users of the temporary cease of operations of the RIMS (Range and Integrity Monitoring Station) located in Haifa/Israel (HFA) from the 18th of October 2023.

The estimated time for reintroduction into the System will be provided in subsequent versions of this Service Notice.

In this regard, the EGNOS RIMS configuration (without RIMS HFA) from the above mentioned date onwards is presented in the figure below:

As a result of this situation, the service performance over the EGNOS Service Area could present degraded values over the South East compared with those presented in the applicable Service Definition Document.

For Safety of Life users, it is important to remark that further information will be provided through the established formal interfaces detailed in the EGNOS Working Agreement, if/when necessary.
